Docket No. 98N-1265 - 08 99 MAY -4 P2:15  
Food and Drug Administration

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: My Compounded prescription for natural hormones relieves my symptoms of menopause and makes it possible for me to live normally throughout the month. Natural hormones are safer to take, than any prescription form - Premarin or others on the market. Don't take away our choice - our right to choose!
